

Nature Care College

Moon Rituals

DESCRIPTION: This 6 hour experiential workshop will explore how we can harness the cycles of the moon for our own personal evolution: we will learn which cycles are best for manifestation, new beginnings and which are best for endings and letting go, and discover how to create our own personal rituals to harness the moon's energy.

All students are welcome – if you're new to astrology or are a budding astrologer, all will benefit from this fun and engaging workshop.

ABOUT NARELLE MACNAMARA: Narelle Macnamara has been studying and exploring the metaphysical world for more than fifteen years. She discovered how many of the divinatory tools can awaken consciousness and facilitate healing, developing an abiding passion for Astrology.

Narelle has taught Astrology at Nature Care for many years and was integral in introducing the Certificate of Astrology to the College. She studied under Parampara of AstroVarsity for 5 years and is currently completing advanced astrology studies with Steven Forrest's internationally recognized Evolutionary Astrology Apprenticeship Program. An in-demand private Astrologer, Narelle runs experiential circle workshops and travels internationally attending seminars and sacred site tours to depend her astrological and mythical knowledge. She has a gift for making astrology accessible, tangible and fun!
