Nature Care College

Energetic Practicum & Review

DESCRIPTION	This module links together all theoretical and practical components of the Diploma of Energetic Healing and examines links between individual modules studied. Options for clinical practice (including working individually, with others and referrals) and ethics of practice are also discussed. Students will review journals which have been kept during the course of their studies and discuss case studies from Student Clinic.
DURATION	24 hours
LEARNING OUTCOMES	At the completion of this module, students should be able to: <ol style="list-style-type: none"> 1. Outline the philosophical basis of and goals associated with patient assessment and treatment. 2. Integrate diagnostic knowledge and techniques to supplement case history. 3. Provide appropriate single or eclectic modality treatment program for a patient. 4. Provide extended treatment programs incorporating non-major modality studies. 5. Determine appropriate evaluation criteria for assessment and treatment programs. 6. Assess practitioner requirements for practical and professional development.
TEACHING METHOD	Modified lecture Tutorials
ASSESSMENT	Assignment / examination 100% Pass Mark 70% All components must be passed at 70% in order to pass this subject satisfactorily.
