

Nature Care College

Academic Grievance Procedure

Rationale

1. Nature Care College Pty Ltd is committed to providing a safe and productive study environment free from unfair treatment, conflict, discrimination, harassment or vilification.
2. Nature Care College recognises that those who study at the College have a legal and ethical right to raise a concern or complaint related to unfair treatment, harassment, discrimination and other such issues and to have that concern, problem, complaint or grievance dealt with confidentially, fairly, effectively and in a timely manner.

Definition

1. A grievance is a problem, concern or complaint presented by an individual or a group which relates to any of the following:
 - Academic matters: e.g. teaching standards, exclusion from a course
 - Non-Academic matters: eg Administrative/enrolment matters, discrimination, harassment, vilification and bullying
2. A grievance may involve unlawful discrimination if it contains allegations of unfair and inequitable treatment on the basis of a person's race, ethnic origin or nationality; gender; marital status; status as a carer, pregnancy or potential pregnancy; age; disability; political affiliation. Vilification on the grounds of race, sexuality and health status is also unlawful. Unlawful harassment is unwelcome and offensive or intimidating behavior, comments or images based on any of these grounds. The most common forms of harassment are racial and sexual harassment.
3. An appeal against an assessment is a request for reconsideration of that assessment.

Principles

1. The process and procedures outlined in this policy aim to provide a fair, equitable and productive learning environment for all its students. This policy seeks to support the achievement of this goal by providing a transparent and consistent process for resolving student academic and non-academic grievances.
2. This policy does not limit the right of any student to seek the assistance of an external person or agency for the resolution of a grievance. Should the grievance be referred to an outside body, the internal processes of the College may be suspended pending the outcome of the external review.
3. A grievance will be treated seriously, expeditiously, impartially and sensitively, with due regard for procedural fairness, confidentiality and privacy.
4. The grievance may be made against another student/s or staff member/s.
5. These procedures do not apply to conflict which occurs with people other than students or employees of the College.
6. Anonymous complaints will not be investigated.
7. No person will suffer any disadvantage, be victimised or discriminated against because s/he raises a complaint or is associated with a grievance. However, if the complaint is found to be frivolous, malicious or vexatious, the matter may be referred to the Discipline Committee.
8. A grievance should be raised as early as possible after the incident relating to the complaint has occurred.

9. A grievance will be addressed as close as possible to the source of student dissatisfaction. This may be influenced by the nature of the complaint and the complainant's wishes. It is recognised that this is not always possible or appropriate.

10. Wherever possible, a grievance should be resolved by a process of discussion, cooperation and conciliation; that is, there shall be a desire by the parties involved to resolve the grievance in good faith.

11. Both the person raising a grievance (the complainant) and the person against whom a grievance is made (the respondent) will receive, in confidence, appropriate information, support and assistance in resolving the grievance from Student Support services.

12. Student Support services cannot act as an advocate in resolving the complaint. This does not limit the right of the complainant to seek advocacy from a third party, if desired.

13. Appropriate records of grievances will be kept and parties to the complaint shall have appropriate access to these records.

14. Confidentiality shall be observed by all participants and at all stages of the grievance procedure.

15. At any time during the grievance process, the complainant may withdraw their complaint by notification in writing to the Director of Operations. Once withdrawn, the complainant cannot raise the matter again unless significant new information concerning the complaint is provided.

16. Unless there are exceptional circumstances, the complaint or grievance must be made within six [6] months of the action or outcome that has resulted in the complaint or grievance.

17. The complainant and all relevant parties will be informed of the outcome of the complaint or grievance in writing within fourteen (14) days of the decision.
